

MAVERIX METALS INC. COMPLETES ACQUISITION OF ROYALTY, STREAM AND PAYMENT AGREEMENT PORTFOLIO FROM PAN AMERICAN SILVER CORP. AND COMMENCES TRADING

Toronto, ON – July 11, 2016 – Maverix Metals Inc. (formerly MacMillan Minerals Inc.) (TSXV: MMX) (“Maverix” or the “Company”) and Pan American Silver Corp. (“Pan American”) are pleased to announce the closing of the previously announced plan of arrangement (the “Arrangement”) pursuant to which Maverix acquired 13 royalties, precious metals streams and payment agreements (the “portfolio”) from Pan American.

As part of the Arrangement, the Company has changed its name from MacMillan Minerals Inc. to Maverix Metals Inc. and consolidated its pre-Arrangement outstanding common shares on the basis of one post consolidation common share for each two pre-consolidation common shares. The Company anticipates that its common shares will commence trading on the TSX Venture Exchange (“TSXV”) on July 12, 2016, under the stock symbol “MMX”.

Pursuant to the Arrangement, the Company issued a total of 75,929,091 post consolidation common shares. Of this amount, Pan American received 42,850,000 common shares and 20,000,000 common share purchase warrants (the “PAS Warrants”) in exchange for the portfolio. The PAS Warrants are exercisable for five years, with one-half exercisable at CAD\$0.70 (US\$0.564) per share and the other half exercisable at CAD\$1.00 (US\$0.78) per share. Following the close of the Arrangement, Maverix has a total of 79,837,856 issued and outstanding common shares, of which Pan American holds approximately 54 percent on a non-diluted basis.

Mr. Michael Steinmann, President and CEO of Pan American, said: “This transaction should surface value for Pan American for a small group of our assets that have gone largely unrecognized by the market. As the majority shareholder, Pan American maintains meaningful upside exposure to these assets, and to Maverix’s ability to grow the portfolio.”

Mr. Geoff Burns, Chairman of Maverix, commented: “The portfolio of royalties, metal streams and payment agreements we have acquired from Pan American will provide leverage to gold and silver prices and immediate positive free cash flow, creating an exceptional foundation for growth. I look forward to working closely with our lean, innovative and financially-disciplined management team, and with Pan American’s support, I am confident we will be able to expand our portfolio and create value for Maverix’s shareholders.”

Of the common shares issued on closing of the Arrangement, 23,339,165 shares held by the Board of Directors and management are subject to an escrow agreement between the Company and TMX Equity Services Inc. The escrowed common shares will be released over a period of 36 months, with 10 percent of the escrowed securities being released on the issue of the final TSXV bulletin, and 15 percent of the escrowed securities will be released every six months following the date of the bulletin.

In April 2016, Maverix raised CAD\$4 million through the sale of subscription receipts, which proceeds have now been released from escrow and are available for use by the Company. As a result, the Company has approximately CAD\$5 million in cash on hand and no debt.

In connection with the Arrangement and pursuant to the Company’s stock option and share compensation plan adopted at the meeting of the shareholders on June 17, 2016, the Company granted

incentive stock options to certain directors, officers and employees of the Company to purchase up to an aggregate of 2,907,000 common shares in the capital of the Company. The options are exercisable at a price of CAD\$0.54 per common share, expire in April 2021, and vest in two equal parts over the two years after the grant. Also, pursuant to the Company's stock option and share compensation plan, the Company will issue an aggregate of 264,600 common shares in the capital stock of the Company to three directors in exchange for their services rendered during the Arrangement, such issuance to be made effective immediately after closing of the Arrangement.

Daniel O'Flaherty, President and CEO of Maverix said: "We are excited to be launching this new vehicle into the royalty and streaming sector. Our experienced team has technical bench strength, and has already begun evaluating potential accretive transactions. As a new entrant to the sector, I feel we have attractive growth potential."

Roscoe Postle Associates Inc. of Toronto ("**RPA**") was contracted to review the valuation of the portfolio prepared by Maverix. In its review of the valuation of the portfolio, RPA carried out preliminary valuations of each of the assets in the portfolio individually, using either after-tax discounted cash flow analysis or comparable transaction analysis and, subject to the assumptions, limitations and qualifications as set out in the report, which was incorporated in its entirety in the Information Circular that was prepared for the Special Meeting of MacMillan shareholders held June 17, 2016. RPA estimated that the value of the portfolio is in the range of CAD\$52 million to CAD\$56 million using long term gold and silver prices of US\$1,201 per ounce and US\$17.30 per ounce, respectively.
